

8 June 2012

Dear Sir/Madam,

Invitation to an awareness seminar on the coming Integrated Electronic Litigation System

We are pleased to announce that the Integrated Electronic Litigation System (eLitigation) will be launched in the last quarter of 2012. It will replace the Electronic Filing System (EFS), that was conceived and developed in the 1990s.

eLitigation is the Singapore Judiciary's next milestone in leveraging on new and improved technologies to provide a more efficient and cost-effective platform for the conduct of electronic litigation.

Building on the experience gained from implementing EFS, the enhanced system is designed to be convenient and hassle-free, and to enable both law firm and court users to get more done in less time. Some of the key benefits include:

- quicker response for documents filed
- reduced effort and risk of errors in the preparation and filing of documents using dynamic electronic forms
- easy access and retrieval of electronic case files and documents
- optimal resource and time management through flexible Court Calendaring and Hearing Management features
- simple and easy access using the national SingPass system, enabling instant customisation of user roles based on law firm's requirements

For a preview of what to expect, we cordially invite you to an awareness seminar on eLitigation, details of which are as follows:

Date: Friday, 6 July 2012 or Monday, 23 July 2012

Time: 11.30pm to 2.00pm

Venue: Level 9, Subordinate Courts Auditorium

3. Key changes to the Rules of Court and cost structures to facilitate the implementation
4. The phased migration of court type from EFS to the eLitigation platform
